

MAINTENANCE REMINDER SYSTEM

Product Features

Our Maintenance Reminder System is an option for our IntelliBatch and select versions of KFBatch 2 control systems. Available in 20-, 50- or 100-point increments. Prevent unnecessary downtime by utilizing our Maintenance Reminder System to keep your plant equipment running in optimal condition.

Name	Current Run Time	Lifetime Run Time	Current Cycles	Lifetime Cycles
System	408.0	432.6	304	856
Mixer	574.0	782.0	157	849
Agg Weighbelt	175.4	1574.4	427	27561
Mixer Charge Belt	234.7	2432.6	635	35264
Cement 1 Auger	87.4	1457.3	742	32415
Cement 2 Auger	78.2	3735.2	637	84210
Cement 3 Auger	64.3	2435.7	653	42351
Machine Feed	127.1	2465.1	854	23456
Hopper 1	643.0	847.3	674	15267
Hopper 2	753.1	756.8	834	18546
Hopper 3	756.8	1147.2	1247	19574

Name	Device	Interval	Remaining	Unit	%	Last Reset
Mixer Maintenance	Mixer	500.0	235.7	Hours	47.1 %	
Change Gearbox Oil	Cement 1 Auger	1000.0	345.0	Cycles	34.5 %	11/18/2019 3:36:24 PM
Change Gearbox Oil	Cement 2 Auger	1000.0	441.0	Cycles	44.1 %	11/18/2019 3:36:32 PM
Change Gearbox Oil	Cement 3 Auger	1000.0	411.0	Cycles	41.1 %	11/18/2019 3:36:38 PM
Belt Maintenance	Agg Weighbelt	500.0	500.0	Hours	100.0 %	
Belt Maintenance	Machine Feed	500.0	397.5	Hours	79.5 %	
Belt Maintenance	Hopper 1	500.0	102.3	Hours	20.5 %	
Belt Maintenance	Hopper 2	500.0	62.3	Hours	12.5 %	
Belt Maintenance	Hopper 3	500.0	17.3	Hours	3.5 %	

Advanced Features

- Receive notifications via email or text message when maintenance is due
- Add maintenance tasks and procedures to any batch-related equipment
- Log notes, actions performed, and personnel when maintenance is completed
- Reporting of performed maintenance, run times and actions taken
- Customize and add plant devices to the system (equipment running signal required)
- Cost effective and easy-to-use solution is a great add-on maintenance plan for your batch plant
